## Identity

M Powered Strategies (MPS) is a change management consulting firm serving organizations that perform public service.

## Vision

Our Vision is to foster a culture of innovation in public service by empowering agents of change.

## Mission

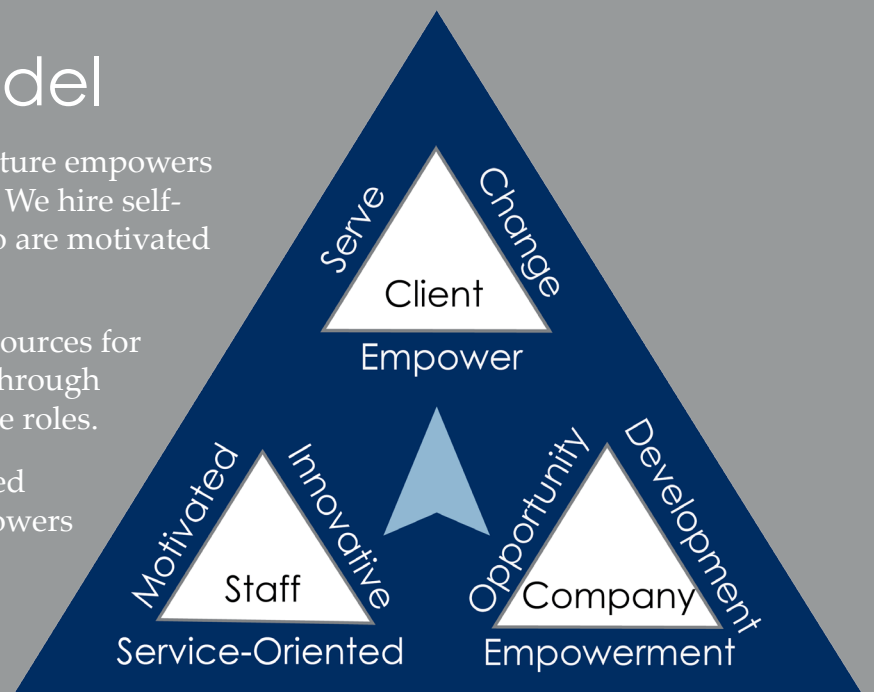

Our Mission is to empower clients through innovative change management services and build an exceptional firm motivated by public service.

## MPS Change Model

Our horizontal and collaborative structure empowers employees to face challenges head-on. We hire self-starters and independent thinkers who are motivated to create and execute solutions.

MPS provides the opportunity and resources for individuals to develop their interests through trainings, client delivery, and corporate roles.

Our company's environment, combined with our innovative consultants, empowers our clients to produce real and lasting change for their organizations.

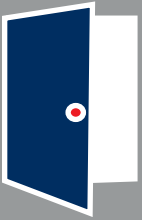

# Our Work Is:

## Contextual

We start by considering the client and their environment to deliver optimal outcomes.

## Transparent

We actively communicate our role to all partners and team members, sharing information and understanding.

## Comprehensive

We accommodate alternative perspectives before delivering a complete product.

## Responsive

We do not follow a rigid methodology, but use thoughtfully designed frameworks to create client-specific solutions.

## Reliable

We hold ourselves accountable, completing our work with consistency and integrity.
